

**JD : Deputy Manager (HiR2425062)**

**Job Description**

**A. Background of Infrastructure Development Corporation (Karnataka) Limited –(iDeCK)**

1. Infrastructure is a nation's backbone, crucial to social and economic growth. Infrastructure Development Corporation (Karnataka) Limited (iDeCK) is a development consulting firm offering sustainable infrastructure solutions, specially customized for growing economies. Established in 2000 as a joint venture company, incorporated under the Indian Companies Act, 1956, between the Government of Karnataka (GoK), IDFC Foundation (a not-for-profit arm of IDFC Ltd.) and Housing Development Finance Corporation Limited (HDFC), it has been set up to conceive and initiate well-planned, future-ready infrastructure and infra projects.
2. iDeCK's team of professionals have proven strength in the areas of public policy, governance, planning & design, project finance and implementation monitoring, supported by shareholders with expertise in diverse areas. To date, iDeCK has played an active role in successful development of over 700 infrastructure projects across the country.
